

“Industrial Training on Web Development”

INDUSTRIAL INTERNSHIP (202000801)

SECOND PRESENTATION

31TH JANUARY, 2026

PRESENTED BY

PRINCE PATEL
(12202080501043)
IT, GCET

EXTERNAL GUIDE

MR. MIHIR PATEL
DIRECTOR
LIVEBIRD TECHNOLOGY, AHMEDABAD

INTERNAL GUIDE

MR. VISHAL PRAJAPATI
IT DEPARTMENT, GCET,
VALLABH VIDYANAGAR

- Introduction
- Company Details
- Training Duration & Role
- Learning Progress (17/01/2026 – 30/01/2026)
- Activity Logbook
- Attendance Record
- Practice Work
- Industry Mentor Comment
- Conclusion
- References

- This presentation is about my **Industrial Training Experience**.
- I have completed **one month of training** at **LiveBird Technologies Pvt. Ltd.**
- The training focused on **frontend web development** using **React.js & Related Technologies**.
- During this period, I learned **intermediate concepts to advance concepts** through practice and guidance, and hands-on projects.

❖ **Company Overview**

LiveBird Technologies Pvt. Ltd.(Ahmedabad) is an IT services and software development company that focuses on building modern web applications and digital solutions for clients.

❖ **Services Provided**

- Web Application Development
- Mobile Apps Development
- Desktop App Development
- UI/UX Design Services

❖ **Technologies Used**

- MERN Stack (MongoDB, Express.js, React.js, Node.js)
- HTML, CSS, Tailwind CSS , Javascript

❖ Internship Duration

- Total Duration: **6 Months**
- Internship Type: **Industrial Internship**
- Completed Duration: **30 Days**
- Mode: **Onsite**

❖ Role

- **Full Stack Developer Intern (MERN Stack)**
- Currently in **initial training phase**.
- First 30 days focused on **React.js and frontend fundamentals**
- Backend and full stack development to be covered in later phases

❖ **Technical Skill Improvement**

- Improved understanding of React Hooks and state management
- Learned Redux and Redux Toolkit for application state
- Practiced React Router and navigation
- Worked on API integration using HTTP requests

❖ **Advanced Concepts Learned**

- Authentication and protected routes
- Application optimization techniques
- Data fetching using React Query (TanStack Query)
- Component reusability and code structuring

❖ **Practical Development**

- Worked on Smart Task Manager and Food Order App
- Implemented forms, validations, and UI improvements
- Debugged and optimized application performance

1. Logbook Summary

- Duration: 01/01/2026 – 30/01/2026
- Total Working Days: 20+ Days
- Mode: Onsite Internship
- Maintained Daily Records

2. Sample Activities

- React basics, components, and hooks
- Mini projects (Tic-Tac-Toe, Quiz App)
- Redux and React Router practice
- Authentication and API integration
- React Query (TanStack Query)

3. Verification

- Logbook verified by Industry Mentor
- Signed and stamped

ACTIVITY LOGBOOK

INDUSTRIAL INTERNSHIP (202080801)

STUDENT'S ACTIVITY LOGBOOK

Enrollment No: 12202080501043
Name: Patel Pooja Manojkumar
Branch: ☒ IT ☐ IoT
Name & City of Industry: LiveBird Technologies Pvt. Ltd. (Ahmedabad)
Name and Designation of Industry Mentor: Mihir Patel (Director)
Duration of Internship: From: 01/01/2026 To: 30/06/2026

Month: 1st Month Starting Date: 01/01/26 Month Ending Date: 30/01/26

Day	Date	Time of Arrival	Time of Departure	List of activities performed by Student
1	01/01/26	9:15	9:00	React basics & JS revision
2	02/01/26	9:25	6:36	React components and props
3	03/01/26	9:16	6:42	Advanced React components
4	05/01/26	9:30	6:33	Tic Tac Toe Project
5	06/01/26	9:25	6:25	Styling and debugging React
6	07/01/26	9:30	6:31	Refs and portals usage
7	08/01/26	9:29	6:38	Project app and context
8	09/01/26	9:30	6:30	Context API and useeffect
9	12/01/26	9:25	6:35	Quiz APP development
10	13/01/26	9:34	6:25	React optimization techniques

Day	Date	Time of Arrival	Time of Departure	List of activities performed by Student
11	16/01/26	9:25	6:45	ABSENT
12	17/01/26	9:25	6:45	Smart Task manager project
13	19/01/26	9:30	6:30	HTTP request and hooks
14	20/01/26	9:15	6:22	React forms handling
15	21/01/26	9:34	6:37	Food order app started
16	22/01/26	9:10	6:15	Food app and Redux
17	23/01/26	9:20	6:23	Redux Toolkit implementation
18	27/01/26	9:32	6:37	Advanced Redux and routing
19	28/01/26	9:26	6:31	React Router data APIs
20	29/01/26	9:31	6:35	Authentication and deployment
21	30/01/26	9:30	6:28	React Query / Tanstack Query

Signature: P. M. Patel
(Student)

To be filled by Industry Mentor:

Student's overall evaluation: Excellent/Good/Satisfactory/Needs Improvement/Non-satisfactory

Specific Remarks: Good work and completed task on time. Shows Sincerity, good understanding, and a positive attitude.

Signature with Date: Mihir 30 Jan 2026

To be filled by Internal Guide:

Student's overall evaluation: Excellent/Good/Satisfactory/Needs Improvement/Non-satisfactory

Specific Remarks: _____

Signature with Date: _____

ATTENDANCE RECORD

❖ Attendance Details

- Internship Mode: Onsite
- Duration: January 2026
- Working Days: As per company schedule
- Regular Attendance: Maintained
- One Day Absent: 16/01/2026
- Holidays: As per company norms

❖ Verification

- Attendance verified by Industry Mentor
- Signed and approved
- Submitted to College.

STUDENT'S REGULARITY / ATTENDANCE

Enrollment No: 12202080501043
Name: Patel Prince Manojkumar
Branch: ☒ IT ☐ IoT
Name & City of Industry: LiveBiod Technologies, Ahmedabad
Name and Designation of Industry Mentor: Ms. Mihir Patel CO-Director
Duration of Internship: From: 01/01/2026 To: 30/06/2026

Month & Year	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16
01/26 1st	P.m.Patel	P.m.Patel	P.m.Patel	H	P.m.Patel	P.m.Patel	P.m.Patel	P.m.Patel	P.m.Patel	H	H	P.m.Patel	P.m.Patel	H	H	A

Month & Year	17	18	19	20	21	22	23	24	25	26	27	28	29	30	31
01/26 1st	P.m.Patel	H	P.m.Patel	P.m.Patel	P.m.Patel	P.m.Patel	P.m.Patel	H	H	H	P.m.Patel	P.m.Patel	P.m.Patel	P.m.Patel	P.m.Patel

Note:
1. Students should sign in the attendance column. Do not mark 'P'.
2. Holidays should be marked with 'H'. Absent should be marked as 'A' in the attendance column.

Remarks by Industry Mentor (if any): Good work and completed task on time shows sincerity, good understanding, and positive attitude.

(Industry Mentor)

❖ **React Fundamentals & Course Learning**

During the internship, I completed a structured React course covering topics from basic to advanced level, including components, JSX, props, state management, hooks, Context API, useReducer, custom hooks, and performance optimization techniques.

❖ **Mini Projects Development**

I developed multiple mini projects such as Tic-Tac-Toe, Investment Calculator, Quiz Application, Smart Task Manager, Food Order App, and Project Management App, which helped me understand real-world application development and component interaction.

❖ **Advanced Application Features**

I practiced API integration using HTTP requests, implemented Redux and Redux Toolkit for global state management, worked with React Router for navigation, added authentication features, and learned application deployment techniques.

❖ **Hands-on Skill Enhancement**

Through continuous hands-on practice, I improved my debugging skills, optimized application performance, enhanced code structure, and developed reusable and scalable components.

❖ **Industry Mentor Feedback**

- **Mentor Name:** Mr. Mihir Patel

Designation: Director

Company: LiveBird Technologies Pvt. Ltd., Ahmedabad

- **Remarks:**

- “Good work and completed tasks on time. Shows sincerity, good understanding, and a positive attitude.”

- This second presentation reflects my continuous learning and progress during the industrial internship. From January 2026, I have improved my knowledge of React.js, state management, routing, authentication, and application development through structured training and practical projects. The internship has helped me strengthen my technical skills, problem-solving ability, and professional discipline. I look forward to gaining further experience in full stack development in the upcoming phases of my internship.
